Superintendents Report

I thought we were fast approaching summer, but these last few days have been unseasonably cool. We even had a frost a couple of days ago. Unfortunately, the cool weather has not brought very much rain. I'm sure that will change this summer, and we'll have plenty of rain. I hope.

We have set the next greens aerification date for April 30th and May 1st, which is next Monday and Tuesday. The front nine will be closed on Monday and the back nine will be closed on Tuesday. If we get some warmer weather, the greens should take two to three weeks to heal.

I want to give a big thanks to Jerry Willingham for the recent backhoe work. Jerry constructed a new spillway for the big pond on number one. This should raise the pond level by about 15 inches if we get some rain to fill it up. This will be a huge help this summer and could give us as much as an additional two more weeks of water.

We recently finished the renovation of the right bunker on number 11. This improvement would not have been possible without the donations to the Don Cushway fund.

Please use the sand bottles on the par-three tees. Remember to stay on the cart path around tees and greens.
